CALL FOR GRANT PROPOSALS

The Amandla Omoya Trust supports social and economic advancement within a 50 kilometer radius from the Jeffreys Bay Wind Farm. The Trust does this by partnering with local people and their organisations to build strong, vibrant, safe and prosperous communities that have more social and economic equality than in the past. It supports community-driven initiatives through grantmaking, capacity building and other activities.

The Trust now calls for grant proposals from eligible groups within its beneficiary communities, including

Thornhill, Hankey, Weston, Loerie, Humansdorp, Patensie and Jeffreys Bay.

The Trust will also give priority to grant proposals that focus on the following kinds of activities over a period of no longer than three years starting from 1 April 2027:

FOUR KEY AREAS OF SUPPORT

The Trust will give priority to grant proposals that focus on the following areas:

1

**Community - based
nutrition initiatives**

Initiatives that support vulnerable people including children in day care centres, primary schools and elderly people - with a focus on outlying geographical areas and inclusion of enterprise development for food supply chains.

2

**School-based initiatives
focused on health**

Initiatives focused on health (eye care, oral hygiene, hearing etc.) in partnership with schools and relevant organisations.

3

**Bursary, skills and
enterprise development**

Support in farming, fisheries and tourism, with a particular focus on young people.

4

**Provision, maintenance
and re-use of wheelchairs**

Provision, maintenance and re-use of wheelchairs for physically impaired people, linked to enterprise development in the value chain, where possible.
